

THE STANFORD INTERIOR JOURNAL.

VOL. XXXIX NO. 8

STANFORD, LINCOLN COUNTY, KENTUCKY, FRIDAY, JANUARY 26, 1912.

EVERY TUESDAY AND FRIDAY

LINCOLN IS NOT A PAUPER COUNTY

County Officials Deny Report And Give Figures—Supervisors Finish Work.

County Judge J. P. Bailey, County Attorney W. S. Burch and County Clerk, George R. Cooper, who are all closely in touch with the fiscal affairs of the county, indignantly deny the allegation that Lincoln is a pauper county and required the state to contribute about \$700 above its income for the maintenance of the county during the year 1911. On the contrary, they assert, Lincoln turned into the state about \$42,000 above its expenses, and is far from being a pauper county.

The information published to the effect that Lincoln was in the pauper class was contained in a circular, sent by the Model License League, of Louisville, a liquor organization in which it was endeavoring to show that the wet counties of the state were in better financial condition than the dry counties. The circular assumed to quote from the auditor's report and the L. J., printed what it said about Lincoln county, presuming that it had the figures correct.

The county officials above referred to, however, declare that any such statement is a base libel upon this fair county and that there are no grounds whatever for any such item appearing in the auditor's or any other report relating to Lincoln county.

The County Board of Supervisors have just adjourned after several weeks considering the assessment in this county. They made a net raise in the valuation of Lincoln county property of \$22,774. Their real raise was close to \$50,000 but the actual figures were reduced to the sum named on account of errors found in assessments, such as double assessments, typographical errors etc.

The supervisors' raises on lands were \$20,265; on town lots \$1,667; on personal property not subject to equalization \$4,150, the total of which amount, however, was reduced by cash and cash notes wrongfully assessed to the amount of \$12,307.

The total assessment of Lincoln county as made by the assessor was \$6,635,174, and added to this, the Supervisor's net raise of \$22,774, makes the total taxable valuation of Lincoln county for this year \$6,658,254.

Now this figure of \$6,658,254 does not include the assessment of the railroad property in Lincoln nor that of the banks. The railroad assessment, which is fixed by the State Board of Valuation and Assessment at Frankfort amounts to about \$2,000,000, while the banks' assessment made by the same board will go to about half million, so that it will be seen the grand total of Lincoln county's taxable valuation will reach nearly ten million dollars.

TEMPERANCE LECTURES

Surber will address the people of Moreland and vicinity at the Moreland Methodist church on Jan. 28 at 7 P. M. Rev. C. R. Blain will speak at New Salem church at 5 P. M. on Sunday, 28th and at McKinney that evening at 7 o'clock.

"A PLAIN ANSWER TO A PLAIN QUESTION"

It appears from Col. Watson's statement that whatever Gov. Willson said as to "whether the support of Harper's Weekly was doing him an injury," was said in reply to a "direct question" from Col. Harvey. The American people can hardly be called upon to throw overboard one of the most promising candidates for the next presidency simply because he gave to a plain question a plain answer.—New York Evening Post.

MADISONVILLE DRY BY INCREASED VOTE

Forecast of Result in Lincoln Seen, in Great Victory in Western Kentucky.

Madisonville, Ky., Jan. 24.—The "Drys" in the local option election here to-day were again victorious by a majority of 148 votes, after one of the most stubbornly contested campaigns in the city and to-night they are celebrating the occasion. The day's campaign started at 5 o'clock this morning with prayer service at the Methodist church, which were continued throughout the day with a leader for every hour up till the polls closed.

At 6 o'clock this morning a line of several hundred school children carrying banners was formed and they paraded the streets throughout the day, singing and taking other part in the "dry" programme. The colored school children also formed a line and marched from the colored section to the business section. The colored ministers and members of their churches were much in fight and to them much of the credit for the dry victory is due.

When the result were announced a crowd of several hundred people at the courthouse gave a demonstration seldom seen. Bells were rung and whistles blown.

A meeting was held to-night at the tabernacle and the building was crowded to overflowing. Speeches were made by many of the prominent workers and songs and prayer services were held. The "drys" were open in their campaign, while the "wets" made a quiet fight refraining from holding public meetings. At the local option election held three years ago the "drys" won by a majority of fifty-nine votes, which was contested, and the second election a few months later resulted in a majority of 121 for the "drys". Notwithstanding the bitter campaign and excitement to-day, no trouble was reported from any section of the city.

MT. MORIAH.

Everyone is glad to see a few more warm days.

Mr. N. L. Wright says this is a curious world, if you don't pay your taxes, your place is for sale and if you do pay them your place is advertised anyway as he paid his taxes December 15th and has a receipt.

Miss Ned Ballard has just returned from a pleasant visit to relatives at Eubank.

Mr. Handley McGuffey was badly hurt Tuesday. He was firing a traction engine for Mr. Cash when the engine turned over and bruised him up quite a bit breaking two ribs, but he says he will soon be all right.

We heard Sunday that Miss Hae Deatherage, formerly of Mt. Moriah, was married Wednesday, January 17, to Mr. Elbert N. Terry, of Neal's Creek. The young couple have many friends in this vicinity who wish them every happiness.

Mr. and Mrs. Emil Meier, Lillian Warfield and Walter Warfield were guests of Mr. and Mrs. C. D. Warfield Sunday.

The temperance question is being discussed here by the able speakers and we think the people of Mt. Moriah will go to the election February 10th and vote "dry".

Mr. Hubert Deatherage visited his parents at Rowland last week.

Mr. J. N. Green is able to be out again.

Mt. Moriah School closed Monday. Miss Marie Hiatt received the majority of the votes of her school mates, as being the best girl in school during the term.

Mr. Will Vanhook has returned from Petaski and reports the Rev. John Ware, who has had pneumonia is steadily improving. Quite a number of our farmers have sold their tobacco crops at very good prices.

Willie McGuffey and Emil Henson were calling on their best girls Sunday.

Mr. Jessie Flanery of Gilbert's Creek visited friends here last week.

BEE LICK.

Mrs. M. G. Reynolds is ill at this writing.

We are having cold weather in this section, but plenty of fire.

Rabbits are plentiful but cooks no good.

Mr. Frank Hays called on a pretty girl Sunday.

Mr. John Chaney will leave for California in a short time.

SENATOR BRADLEY

Will Go To The Front For Local Boy, If Need Be.

A dispatch from Washington to the Courier-Journal the other day said:

Ensign R. C. Saufley, recently court-martialed at Norfolk for alleged disobedience of orders, has a friend at court in Senator Bradley, who announced today that if the sentence imposed is harsh or, in his judgment, unfair, he will take up the case with the President. It is not deemed likely here that Saufley will get more than a reprimand, but Senator Bradley has been keeping in touch with the case, and soon after the result is known he will have made up his mind about the fairness of the decision. "I am very much interested in this young man," said the Senator today. "His father was my dear friend and if the sentence seems to me inconsistent with the evidence I shall take it up at the White House as vigorously as I know how." The record of the court-martial continues to rest on the desk of Rear Admiral Philip Andrews, the new Chief of the Bureau of Navigation. This is Admiral Andrews' first court martial, and he is going slowly, both about taking it up and about forming an opinion in the case.

DIES IN FLORIDA

Prominent Casey County Woman Passes Away After Long Illness

Middleburg, Jan. 25.

Mrs. W. T. Miller died at St. Cloud Florida, on Wednesday* afternoon aged 44 years. She had been in bad health for some time and having been treated by several physicians without receiving any permanent relief, she went to Florida with the hope of being benefited by a change of climate but she was too far gone, and died after only a few days' stay there. Mr. Miller received a telegram in the afternoon of the 16th telling him to come. He started at once, reaching her bedside just three hours subsequent to her death. Mr. Miller returned Friday with the remains and funeral services were held at the Methodist church here Saturday afternoon, conducted by Revs. Taylor and Perryman and then laid to rest in Middleburg cemetery.

Mrs. Miller was a member of the Methodist church, having united with that church when quite young. She was a kind hearted woman and was much liked by her neighbors.

A husband and two sons, Ernest and Preston survive her and their many friends and neighbors sympathize with them in this dark hour of bereavement.

J. A. Estes, who lives on the Liberty pike, two miles below town had a slight stroke of paralysis one day last week, and has been quite feeble since. He is 78 years of age, and will likely never fully recover from it.

C. M. Perkins, of the Indian Creek section, will have a sale of his personal effects February 10, He will likely seek a home in the far west in case he sells his farm.

Clarence Turpin and Miss Sallie Cox drove up to the Squire's office at a late hour Saturday night and were married by his honor in an improved style. The bride is but 16 where the groom looked to be about 30, and it is understood that this is his second venture into the matrimonial state.

Mrs. J. W. Hogue died at her home near Yosemite on the 16th after only a few days' illness, and was buried at Green river church Wednesday afternoon. Mrs. Hogue was a member of the Christian church and was a good woman. Funeral services were conducted by her pastor, Rev. Joseph Montgomery.

BABY DIES.

Curtis Lee Moser, little son of Mr. and Mrs. Ira Moser, died at their home near McCormack church on January 18th. The life of the little one in this old world of trouble was very short. Born December 26th, 1911, he died January 18th 1912. The trouble was spinal meningitis. The child was laid to rest in Moreland cemetery Friday 19th. The father and mother have the heartfelt sympathy of their many friends in losing their first born.

I am agent for the International gasoline engine and feed cutters. Best on the market. J. L. Benzley.

AVERAGE OF \$25.23

FOR TOBACCO CROP.
All Records Broken At People's Warehouse this Week By a Casey Farmer

Danville, Jan. 25.
All tobacco records were smashed this week. To Casey county belongs the plum. Mr. S. K. Vaught, of that county, received 37 1-2 cents a pound for a basket of his tobacco at the People's Tobacco Warehouse Wednesday and the remarkable average of \$25.23 per hundred pounds for his entire crop. Mr. A. W. King, buyer for Liggett & Meyers, got the record breaking basket. Col. W. J. Finch, the silver-tongued auctioneer, who has made such a splendid record at the People's House, was in superb trim and both buyers and sellers were enthused. D. J. Walden, of Garrard county, got an average of \$17.20 per hundred for his crop and hundreds of other big sales were made. Those who kept posted say that prices are as far higher in Danville than at any other loose leaf markets in the State. The high water mark record made by the People's House justifies the claim. This is largely due to the fact that the People's House is so well lighted and thoroughly experienced men are in charge to take care of all crops and see that each basket is displayed to the best advantage. If you want to get the top price, sell your tobacco over the breaks at the People's Tobacco Warehouse. Herewith are given some of the sales made this week:

LINCOLN COUNTY

BASKET AT 30 CENTS

Splendid Prices Realized Over Danville Warehouse Breaks This Week.

Danville Jan. 25.
Who said tobacco was "Off?" Well, this is certainly not the case at the Danville Tobacco Warehouse Company, which is located on Walnut street, in this city. This house has enjoyed splendid patronage all year, but the present week has been a corker. One hundred and fifty thousand pounds of tobacco have been sold over this break, with rejections less than 1,000 pounds. The beauty of this splendid business this week is the extremely high prices that the offerings have been averaging. While of course, there may be a small basket now and then which runs up to an abnormal price, this house calls attention to some of the splendid averages which were made over its breaks this week. They don't ask you to take their word for it either, but ask any one who has old, any onlooker or any purchaser, if you please. They give very careful attention to details at this house and exhibit great courtesy at all times. Another thing is they guarantee absolutely a square deal to all who offer their tobacco over their breaks and they have an auctioneer that is unequalled in the in the State. He gets the worth of the basket before it is knocked down to the buyer.

The best basket sold at yesterday's sale was 30 cents per pound. It was sold by Mr. George Hancock of Lincoln county.

Below are a few of the splendid averages of the week:

J. B. Huffman, of Garrard county sold 900 pounds for \$178.25.

AVERAGE \$18.00

Price Huffman, of Garrard county sold 720 pounds for \$134.07.

AVERAGE \$18.62.

Lightly & Tatum, of Anderson county, sold, 1,550 pounds for \$272.83.

AVERAGE \$17.60.

Smith & Gaines, Anderson County, sold 3,125 pounds for \$496.23.

AVERAGE \$15.56.

George Hancock, of Lincoln county sold 1,205 pounds for \$237.81.

AVERAGE \$19.73.

NEW GRAND STAND

Will Be Erected At Local Fair Grounds By K. Ps.

The grandstand which will be built at the fair grounds on the Ballard place on the Lancaster pike will be built new from top to bottom. This was decided upon this week when W. H. Wearen and H. C. Wray, as a committee from the directors, went up to Crab Orchard and looked over the grandstand at the old fair grounds there.

It was understood that this old stand could be bought at a reasonable price, and moved here, but the two gentlemen who inspected it, say that the lumber in it is in such shape and so rotten that could not possibly give satisfaction here, so the idea of securing it has been abandoned. Local contractors will be asked to bid on the erection of the grand stand. The directors will probably secure the lumber

The Supreme Court of the United States declared that the law of the state of Kentucky designed to exclude the shipment of liquor from adjoining states into prohibition counties was unconstitutional. This traffic is interstate traffic and, according to this decision, under the exclusive control of Congress though Congress has not taken any action in connection with this peculiar traffic.

This is an overthrow of home rule in which democrats believe. The trouble can all be ended and such shipments of liquor stopped, if Congress will pass a bill providing for such stoppage. It is not worth while to deal in generalities. Lincoln county is dry under state statute and will by the result of the next election continue it. Lincoln county furnishes one of the thirteen congressmen from Kentucky and he can offer no bill which will be more appreciated over the district than one to prohibit the interstate shipments of booze into dry territory.

The Interior Journal believes that there are enough Christian people in Lincoln county to keep out saloons on February 10th. We can not see how any man who professes to be a Christian—no matter how far he may transgress on other things—can bring himself to vote in favor of the open saloon. That's why we are satisfied saloons will not be voted back into Lincoln.

In commenting on the Watterson-Harvey incident and strongly defending Woodrow Wilson, Editor Jim Richardson, of the Glasgow Times says:

"Meantime, watch for a Horman boom. Mr. Watterson bolted Bryan in 1896 and Mr. Harmon voted for McKinley. Birds of a feather flock together."

The New York World quotes Roosevelt as saying that he is not a candidate for president but will accept the "call" if it comes to him.

Henry Watterson is the only democrat on earth who ever discovered that the support of J. P. Morgan was necessary to the election of a Jeffersonian President.—St. Louis Republic.

GREATEST MEDICINE ON EARTH

A prominent citizen of Evansville, Ind., writes:—"I was ill for five months with a pulmonary trouble, and had the best of doctors. I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

We want every one in this vicinity who is troubled with chronic colds, coughs, or pulmonary troubles, to come and get a bottle of Vinol.

If it does not go to the seat of trouble, heal the inflammation and stop the cough, we will cheerfully return every cent paid us for it. This shows our faith, and proves that you take no chances.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives.

What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like A. R. Tigrett, Oaklawn Farm, Newbern, Tenn., and Mrs. Lizzie S. Brooks, Paris, Ky., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

TEMPERANCE COLUMN

This space is engaged by the Temperance Committee of Lincoln County.

One of the plausible arguments that sounds favorably to many people is the statement by the advocates of the open saloon that they are the champions of "personal liberty". The following is an illustration of the methods sometimes used by these so-called friends of individual freedom:

"April 10th Pembroke voted to abolish saloons. The night before the election, the liquor people corralled 65 negroes in a hall. On election day, they were divided by precincts into two squads; with a saloon man at the head and at the rear of each squad, they were marched to their respective precincts to vote. It caused several 'wets' to vote dry. If wets and dries were everywhere separated, many a 'wet' would be 'ashamed of his crowd'."

Evidence has been coming in from various parts of our county that there are some "wets" who are ashamed of their "crowd." This is a hopeful sign. Let a man feel the sense of shame keenly enough and he will choose new associations not only that, but he will be led to realize that a business that makes for shame that depends for its support upon the worst elements in the population rather than the best, is hardly a fit business to claim the votes of right thinking men. In other words he may be led to say, "if it is not the best sentiment in the community that desires the open saloon it is not the best sentiment in me that desires it. I cannot be actuated by my best motives when I favor its return."

Somerset's crime has been multiplied by the return of the saloons. The figures recently published show a sad increase in crime for the past two years. In the two "dry" years, 1908 and 1909, there were 465 cases of drunkenness and disorderly conduct, and 726 warrants issued. In the two wet years, 1910 and 1911, there were 1,358 or nearly three times the number of arrests for the same offense and there were 1,977 warrants issued.

In view of such facts which can be duplicated many times in other places do the citizens of Lincoln county really wish the return of the saloon? If not is it not worth while to go to the polls on February 10th and say so? Reflection and discussion should lead to action. Votes are what count in this matter. The victory will not be won by hoping for it or dreaming about it. We must act upon it.

A former patron of the saloon has given the following reasons for quitting the use of liquor.

1. There is nothing in it. All this drink business is a piece of foolishness.

2. I have observed that the young men who use strong drink do not get the best jobs. They are sometimes without winter clothes; frequently pitiful looking objects of humanity.

3. I know one mother today who sits by a small fire and shivers; she dines on bread and water while her son staggers on the street. The young man is following in the footsteps of his father and his youth has already been blasted by the use of whisky of "perfect purity."

4. I have just been to the court house and find that whisky causes the taxpayers of this county to pay more money for courts than all the thieves, highwaymen and murderers, that have ever visited our county.

5. I have examined the divorce record and find that more homes are destroyed by the sale and use of liquor than from any other cause.

6. I find the use of liquor responsible for locating a large number of men in the penitentiary.

7. I have discovered that whisky has a corrupting influence in politics that it is as dangerous to the business of a community as it is to the individual.

8. A large number of railroad and other accidents that have resulted in the loss of thousands of lives can be traced to the use of liquors.
